## PROGRAMS

---

The philosophy at Red Robin Preschool & Daycare is to provide an environment whereby children have the opportunity to grow intellectually, socially, emotionally, and physically. We achieve these goals by offering affection, understanding, protection, guidance, low student to staff ratios, age-appropriate activities, lower turnover of caring staff, clean facilities, communication with families, and a smaller home-like atmosphere.

## PRESCHOOL

---

The staff at Red Robin work hard with your children to make sure they are prepared to take the step from Preschool on to Kindergarten. Our program is specially designed to challenge the child and meet their social, emotional, physical, and academic needs. We help your child gain the independence that is needed to go out and explore the world.. In a caring and stimulating atmosphere, our teachers provide endless opportunities for your child to grow, learn, and imagine! Our curriculum is set up to challenge your child not only as an individual, but in a group setting as well, allowing them to develop social skills and the ability to learn to work with other classmates.

## SCHOOL AGE
